

IIDA 2008/2009 Industry Partner of the Year— BiNW's Denyce Cahill

The Industry Partner of the Year Award is given to a member of the Northern Pacific IIDA Chapter who has made significant non-financial contributions to the chapter. Denyce earned this award by investing countless hours in our chapter. Over the course of the last year, she held the position of Director of South Sound. Largely due to Denyce's efforts, the our chapter is recognizing the need to develop better ways of communicating and supporting city centers that have smaller membership bases, but are too distant from the Seattle City Center to participate in the local activities. Through her energy, enthusiasm and passion, Denyce has chaired or participated in a multitude of events including the ever-popular South Sound Cruise, Mary Bridge Festival of Trees and countless other fund raisers.
